To whom it may concern,

This is a letter of recommendation for our Real Estate agent Jessie Barrett.

Jessie was recommended to us by a friend. From the first time we talked to her and then sat in our kitchen with her, we knew she would do a great job. Through our process of selling our home, Jessie was always there, whether it was a phone call, email or text. We never had to wait for answers to our very many questions.

Even with the "trials" we had, Jessie encouraged us and helped us make the decision that was best for us.

We would definitely recommend Jessie for anyone's Real Estate needs. We know we will be using her again next time we purchase a home.

Thank you

Gary and Therese Freitas
